The Individual Professional Development Program (IPDP) provides financial incentives (up to \$76 per eligible semesters hour) and recognition for child care professionals who complete college courses. The IPDP program does not require proof of family income. In an effort to better serve the professional community, we are asking for your cooperation by adhering to the guidelines and deadlines of the IPDP program.

Applicants will submit an application and an official college transcript for the summer and fall semesters and then another for the spring semester.

******The Partnership does accept official electronic transcripts. Acceptable electronic transcripts must be emailed directly to <u>infospecialist@pfclg.org</u> and password protected by the school (screenshots of grades will not be accepted). If you have any questions regarding what an acceptable official electronic transcript is please contact the Partnership immediately. Deadlines <u>will not</u> be extended. ******

<u>Guidelines</u>: You may be eligible if you meet all the following:

• You are teaching staff, family child care home providers and child care center directors who have worked at least 30 hours per week with children ages 0 through 5 years in licensed child care facilities in Lincoln and Gaston Counties during nine of the previous twelve months at time of application. (Exceptions may be granted to the 9-month requirement to allow professionals to take leave for such things as maternity leave and illness.)

• You are declaring your undergraduate/graduate major as Early Childhood Education, Child Development, Birth-Kindergarten or a closely related field (*see list below for approved college/university major listing). Professionals without a declared major may receive incentives for as many as 20 semester hours before providing the required proof of undergraduate major.
